Dear Friend:

It is with a great deal of pleasure that I send you this two-page wholesale Hemerocallis price list for Spring 1942.

Hemerocallis have long been one of my hobbies. They are so easy to grow and so satisfactory as a landscape plant material. Many varieties have wonderful cut flower possibilities, too.

I have reduced prices and in these War times you won't find many items selling at lower prices. My stocks cover only five acres, so the quantities available are really quite limited and you should hurry your orders in if you wish to benefit from these low prices--which will be withdrawn as soon as inventory set aside for this offer is depleted. From some varieties I can only spare fifty plants; others are available in one thousand lots.

During March and April I will accept United States Government Defense Stamps in full payment of any order you may wish to send for Hemerocallis. You will save money order fee or exchange on check and are helping to win the War. If your order is over ten dollars, be sure and register the letter, as I cannot be responsible for orders lost in the mail.

I give you this pledge, that no matter how you send your remittance for Hemerocallis, every cent received from Hemerocallis sales during March and April will go to purchase United States Government Defense Bonds. We have a War to win and it's up to you and I to help finance it.

Let's work together for Victory.

Yours sincerely

Gene Hunter.

Dear friend:

It is with a great deal of pleasure that I send you this two-page wholesale Hemerocallis price list for Spring 1945.

Hemerocallis have long been one of my hobbies. They are so easy to grow and so satisfactory as a landscape plant material. Many varieties have wonderful and flower possibilities, too.
